

Standard model	Road Blocker Tyre Killer TKBM649L
Control system	Electric hydraulic control
Voltage	380V(controller voltage:24V)
System power	3.7KW/5.5KW
Passing pressure	120 ton container truck
Rising time	1.5~5s(preset)
Dropping time	1.5~5s(preset)
Material	A3 steel thickness 12mm, spray rust primer
Weight	1.5 ton for 3 meter
Control type	RFID card, remote control
Power off	Open or close on manual
Working environment	Indoor and outdoor
Working temperature	-30 °C to +70 °C
Relative humidity	≤95% coagulation free
LED indicator	Optional, on top of bollard
IP protection level	IP 68
