

Operating Voltage	DC12V ±10%
Flood control alarm	Magnet detection magnet tamper alarm
Card	Support IC card
Card reading distance	30mm~50mm
Responding speed	≤0.1S
Card reading frequency	IC card 13.56MHz
Communication Interface	Wiegand 34 or RS485 are available
Communication distance	Wiegand type read head and multi-control access control communication distance ≤ 60 meters
Bluetooth function	Support for Bluetooth phones of 4.0 and above
Bluetooth communication distance	0 to 6 meters
LED indication	Green is the running light, red is the power indicator, and blue is the card indicator.
Buzzer indication	Built-in buzzer
Doorbell function	The card reader has a doorbell function
Operating temperature	-25°C~70°C
Working humidity	≤95% non-condensing
