CE FC RoHS

**DESCRIPTION:**

AZSecu introduces a new generation of network IP dome camera; the AZIP5MS-VDIR. Incorporating with advanced Sony IMX335 progressive scan CMOS, they provide extremely clear and details images for surveillance monitoring application. The Sony IMX335 featuring 12 bit ADC reduced quantization noise and also suppressed dark random noise, as a result, high dynamic range 120dB was achieved. On top of that, AZIP5MS-VDIR also featuring Starvis, a Sony technology that used back-illuminated pixel method and realizes high picture quality in the visible-light and near infrared light regions. In generally, this is called Starlight Camera.
